Ed,

It is getting to be time once again to file the annual report with the EPA for spent lead acid batteries shipped across the US border. Like last year, this year you had no batteries that went to Tonolli, but a report is still required because E.D. Farrell still had an active A.O.C. with USEPA last year. If they do not receive a report from you, they will end up sending you a letter requiring a response anyway, so it is best to report up front. If you could sign the attached form and return it to me, I will see that it gets delivered to USEPA.

Please feel free to give me a call if you have any questions.

Sincerely,

Jim Anderson

Hello Jim,

Attached is the EPA report for E.D. Farrell which belongs to Crown. There are no shipments for this company but we still need to report as we had an EPA consent for 2013.

If you have any questions, let me know.

Kindest Regards
